DISCHMEN MEET YANKS TODAY AT 3:30 ON CLARK FIELD

Candidates for May 7 Election Are to File Petitions by April 25

With the "Sweetheart of Texas" election only a few days past, campus politicians are now turning their attention to the spring elections, which will be held May 6.

All candidates for offices in the Students' Association of the University must file a petition announcing their intention to run for the office desired. The petitions may be filed between April 6, the first day they will be accepted, and April 25, the last day they will be accepted. Petitions must be filed in person with Josie Hailey in Main Building 212. The petitions must be signed by at least 50 students of the University, and must state that the candidate is a bona fide student in the University, the laws of the Students' Association provide.

Committee Sets Mothers'-Dads' Luncheon Date

Round-Up Attendants Meet At Commons April 12

The ex-students' and Mothers' and Dads' luncheon will be held Saturday, April 12, at 1:30 o'clock at the University Commons, it was decided at a meeting of the luncheon committee of the Round-Up entertainments. The main speaker will be R. L. Bobbitt, attorney-general of Texas, and the quartet of the Men's Glee Club and Joe Fisher with Janet Shepard will entertain the guests during the luncheon. Dr. H. Y. Benedict will preside.

Enough tickets for 250 guests will be sold at \$1 a ticket as the ex-students register at the girls' study-hall.

John Ross will act as chairman of the business meeting of the Mothers and Dads to be held after the luncheon.

Members of the committee are William Murchison, Ben Connally, Sarah Jester, J. A. McCurdy, Wilburn Van Fleet, Miss Bessie Sheldon, Mrs. Joe Caswell, John Ross, Arno Nowotny, Miss Anna Janzen, M. D. Woodbury, Gordon Durst, Charles Russell, Josephine Corner, Elizabeth McGuire, Hermansella Braden, Mrs. Will Caswell, Mrs. Frances Goldbeck, W. A. Smith, chairman, and Tex Boggess, vice chairman.

Mrs. Etta L. Pharr Dies Here Monday

Mrs. Etta L. Pharr, 50, mother of Burnett Pharr, director of the Longhorn Band, died Monday morning at 10:30 o'clock at a local hospital.

Funeral services will be held at Cook's Funeral Home at 3 o'clock this Tuesday, with the Rev. B. J. Crider of the First Presbyterian Church in charge. From the funeral home the body will be taken to the Oakwood Cemetery for interment.

Survivors are G. M. C. Pharr, husband, and eight children: Mrs. O. P. Hamilton, Mrs. Marvin Wesley, Mrs. Henry Wendlandt, Miss Murrell Pharr, Miss Helen Pharr, Burnett Pharr, Bryan Pharr, and Moseley Pharr.

Active pallbearers will be O. G. Williams, Ed Harrall, Ed Ford, Wilcox Ford, Weldon Fielder, and Joe Shepherd.

Housemothers For Men Meet Tonight

A meeting of the housemothers of men's boarding and rooming houses will be held tonight at 7:30 o'clock in the girls' study hall, according to an announcement made Monday night by Arno Nowotny, assistant dean of men.

Miss Ruby Terrill, dean of women, will speak at the meeting.

Father's Death Calls Student to Houston

Jeanette Shaw, freshman in the University, was called to Houston Monday afternoon by the sudden death of her father.

Miss Shaw resides at Newman Hall.

Dr. R. L. Moore Gives First Of Five Lectures

Speaks on 'Point Set Theory And Foundation Of Geometry'

Continues Talks

Lecturer Plans Publication Of Material Based On Speeches

Dr. R. L. Moore, professor of pure mathematics and holder of the University Research Professorship for this year, gave the first of a series of lectures on "The Point Set Theory and the Foundation of Geometry" in Garrison Hall Auditorium Monday night.

The five lectures, the remainder of which will be given on successive nights this week, constitute a continuous series, each lecture being based on the material discussed the previous night.

Dr. Moore is an internationally known authority on the subject he is discussing and is now writing a book on the point-set theory which will be published by the American Mathematical Society. Dr. Moore gave a series of lectures on this subject at the University of Colorado during the summer of 1929.

Tonight's address will be given at 8 o'clock in Garrison Hall auditorium.

Reddick to Talk At Journalism Congress Friday

Texas Publishers to Speak At Third Annual Session

DeWitt C. Reddick, instructor in journalism at the University, will be one of the principal speakers before the third annual session of the Southwestern Journalism Congress which meets in Fort Worth at Texas Christian University April 4 and 5.

A general convocation of students and faculty has been called at T. C. U. for the first day at 10 o'clock in order to hear P. W. Horn, president of Texas Technological College, speak on "The Responsibility of Journalism to the Public."

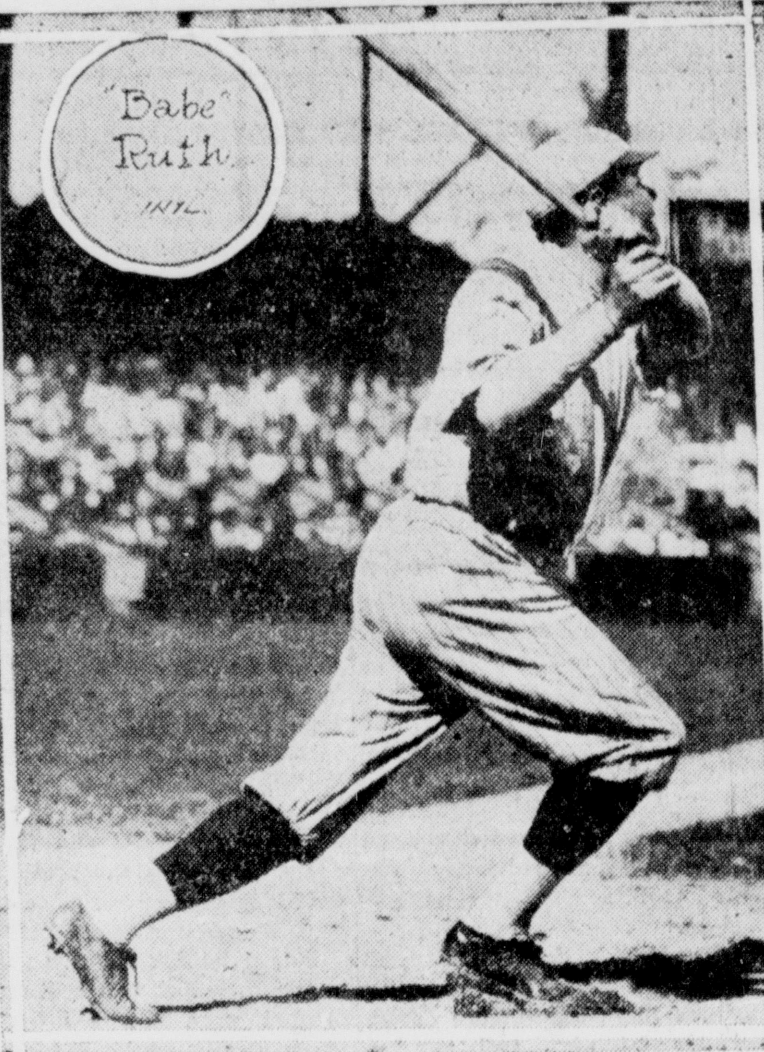

Walter M. Harrison, managing editor of The Daily Oklahoman and The Oklahoma City Times and president of the American Association of Editors, will speak on "Why Be an Editor?" Marcellus E. Foster, editor of The Houston Press, will make an address at the conference.

CAMPUS WITS HAVE CHANCE Pranks Have Early Hindoo Origin TO RULE ON ALL FOOL'S DAY

For some reason or other, April 1 has been set aside as All Fools' Day. It seems almost foolish to have a separate day to be enjoyed by fools. It would be far more simple to drop the subject by saying that every day is All Fools' Day. However, through some fool's mistake in the past, there is a separate day set aside for, and consecrated to fools who care to play practical jokes.

Just what today will hold remains to be seen. In the past "great things have come to pass." What the present and future will reveal on this day cannot yet be determined. Foolish pranks, sending unsuspecting people to purchase such things as the "History of Eve's Grandmother," pigeons' milk, and the like, offering choco-

GEORGE HERMAN (BABE) RUTH

The \$80,000-a-year ball player with his teammate, Lou Gehrig, will face the Steer hurlers on Clark Field today. Ruth and Gehrig are expected to draw a record crowd.

First Round In Debates Won By Athenaeum Men

Winner to Receive Silver Loving Cup As Prize

Athenaeum Literary Society, represented by J. M. McCutcheon and Jarrell Garonzik, was victorious over the Rusk Literary Society team in the first round of the inter-society debate series in a contest held Monday night in the Law Building. Garonzik and McCutcheon had the affirmative side of the question, "Resolved: That the Sterling Plan of Road Construction Be Adopted." The negative was upheld by D. A. Frank and Aylmer McNeese, representing the Rusk Society.

The next debate of the series will take place Wednesday night at 7:15 o'clock.

The club which is winner of the debate series will receive a silver loving cup donated by the Texas Book Store, and the member of the winning team who is adjudged the best all-around speaker will be presented with a watch, given by Carl Mayer, Austin jeweler.

LATIN CLUB TO MEET

The Latin American Club will meet this Tuesday night at 7:30 o'clock in Newman Hall.

McGinnis Urges Early Buying Of Dance Tickets

Chairman Says Round-Up Financed on Faith, Hope, and Spirit

"The Texas Round-Up is being financed on faith, hope, and Texas spirit," E. K. McGinnis, chairman of the finance committee, stated Monday, in discussing the financial set-up of the great celebration to be held on the campus April 11, 12, and 13.

"The Round-Up is essentially an Ex-Students' Association project, but it is obviously impossible for the association, with its meagre budget, to provide the \$6,000 which will be required to finance this undertaking."

The publicity committee for the Texas Round-Up is sending out approximately 45,000 pieces of direct mail matter to ex-students and parents, telling them of the University and of the Round-Up and inviting them to be present for this affair. The actual cost of printing and mailing Turn to Page 2, Col. 7

Texas Law Review Off Press Today

The latest issue of the Texas Law Review will come off the University Press this Tuesday. The leading articles for this issue have been written by Professor D. F. Bobbitt, Sol Goodell, and A. P. Jones, student editor of the Review.

Contributors to this issue of the Review are John T. Maginnis, John D. Rienstra, who has recently been added to the Board of Student Editors, Jesse Andrews Raymond, H. S. Lattimore, district judge of Tarrant County, and Theo Weiss.

Sol Goodell and George Wilfred Stumberg, professor of law, have charge of the book reviews for this edition.

DINNER POSTPONED

Plans for the Cornell dinner, which was to have been held by ex-students of Cornell in Austin April 1, have been cancelled, according to an announcement made Monday afternoon by Dr. Annie Webb Blanton, associate professor of educational administration.

Instead of the dinner, ex-students of Cornell will listen in on the program given by Cornell students in New York.

Permanent Fund Raised Monday To \$14,358,250

\$173,775 Paid University As Bonuses by Oil Companies

Debate Division

A. & M. Directors, Board Of Regents Confer About Fund

The University permanent fund was boosted to \$14,358,250 Monday with the receipt of \$142,142 for royalties during March and will be increased by a \$173,775 bonus within a few days from receipts on the leasing of 240 acres in Ector County by the Board for Lease of University Lands.

Of the total \$14,358,250 in the fund, not including the \$173,775 from leases made Saturday, \$12,141,182 has been remitted from payments of royalty on production on University lands. Oil on University lands has produced \$13,732,650. Although \$142,142 was received during March from this source, it reflected a decrease of \$36,000 from that received during February.

G. H. Coeke, cashier of the general land office, said that this was the result of a 30-cent per barrel drop in the price of crude oil and decreased production of wells on University lands.

All bids for the lease of 1750 Turn to Page 3, Col. 1

Faculty Women Elect Officers For Next Year

Club Plans 'Evening of Opera' With Ensemble Of Artists

Mrs. Charles Joe Moore, chief of the visual instruction bureau, was elected president of the Faculty Women's Club Saturday at its last meeting of the year. Mrs. O. B. Williams was elected first vice president; Mrs. Lula Barrett Wrenn librarian, was elected secretary; and Miss Leah Gregg, instructor in physical training for women, was elected treasurer.

Miss Anna Hiss, associate professor and director of physical training for women, Miss Linda Lancaster, instructor in economics, and Dr. Goldie Horton, adjunct professor of pure mathematics, were elected to the executive board.

The Faculty Women's Club also made arrangements for the presentation of "An Evening of Opera." An ensemble of artists Turn to Page 3, Col. 4

Ruth, Gehrig, Home-run Kings, to Face Steer Moundsmen in Fray

By OTHO JONES

Texas Sports Editor

When the Longhorn Band strikes up the tune, "The Eyes of Texas" this afternoon at 3:30 o'clock, it will be paying a special tribute to baseball's greatest star, Babe Ruth.

Yes, today is Ruth and Durst Day and an overflow crowd is expected at Clark Field to celebrate the biggest diamond classic of the season. Durst is an Austin boy and fans here have planned a big reception for the fleet-footed outfielder. And of course Ruth is the hero wherever he goes and will be the feature of today's game.

The Longhorn Band will play at the game today. The members of the organization have been requested to be in the grandstand at 3 o'clock with their march books. They will not appear in regulation uniform.

New bleacher seats have been constructed for the Yankee game and the grandstands and bleachers together will accommodate over 5,000 fans. General admission will be \$1. Students will be admitted on their blanket tax.

In the Yankee line-up this afternoon, fans will see the greatest ensemble of stars ever to appear on a local diamond. Besides Ruth and Durst, who are to be given the big welcome, Bob Shawkey will present such stars as Lou Gehrig, Tony Lazzeri, Mark Koenig, Bill Dickey, Benny Bengough, Bubbles Hargraves, Waite Hoyt, Herb Pennock, Earle Combs, George Pipgrass, and Tom Zachary.

Gehrig, known as Columbia Lou, has been Ruth's partner for the last few years, the two being the most colorful pair in baseball. They have made the New York American League Club the greatest drawing card in the history of the game.

Shawkey's starting infield probably will be Gehrig at first base; Lazzeri at second; Koenig at short with Ben Chapman, hard-hitting infielder from St. Paul of the American Association, at third base.

In Gehrig, Lazzeri, and Koenig, the Yankee's have three of the best infielders in the big leagues. Lazzeri, at the keystone bag last season fielded for a percentage of .969 and hit the ball for the high average of .354. He is one of the sweetest second sackers to grace the days of the great Eddie Collins. Koenig is one of the fastest short-fielders in the majors but his hitting last season was not up to form.

The Big Babe, himself, Earle Combs, and either Cedric Durst, Leslie Hyrd, or Dusty Cook will patrol the outfield for the Gothamites today. Ruth's ability, as an outfielder and hitter is too well known to need further comment. Combs, in center field, is one of the greatest fly-chasers in baseball. He is a great hitter, fast on the bases and covets centerfield in Tris Speaker fashion. Turn to Page 4, Col. 2

BETA ALPHA PSI TO MEET
Beta Alpha Psi, honorary and professional fraternity, will hold its semi-monthly meeting this Tuesday night at 6:15 o'clock at the University Faculty Club. Dr. R. H. Montgomery, professor of economics, will speak on "The Evaluation of Public Utilities."

CHIEF JUSTICE TO SPEAK
Chief Justice C. M. Cureton of the Supreme Court of Texas will speak to the Phi Delta Phi, honorary law fraternity, at a dinner to be given at the University Commons Friday, April 4 at 6:30 o'clock.

idea of inflating it with gas—so they brought it over to The Texan office and called for Kay Miller, editor. It was their idea to decorate the gas bag, the balloon I am speaking of—not Kay—with a large sign calling attention to the Round-Up. Once having filled the bag with gas, it was the committee director's thought to park it at advantageous points around the city as publicity for the celebration in April.

After the bag had been filled with gas, a hole was discovered. Someone had the happy thought that the gas might leak out if the hole wasn't repaired (this idea sounds like one of Lee Wyson's brainstorms). After having re-

SERIOUS MINDED STUDENTS Attempted Ascension Fails PLAY WITH LARGE GAS BAG

By FLEM

Boys will be boys and girls will do most anything, but there is no way of telling just what a bunch of sturdy, studious students will do to have a good time. One expects little boys to play with balloons and little girls to play with big boys, but when a group of serious minded University students get together one would think they could find something better to do than to blow up a balloon; but it is not as bad as it sounds—it's worse.

There was to have been a balloon ascension in front of B. Hall Sunday afternoon, but it blew up—the balloon, not B. Hall. The Round-Up publicity committee had borrowed a large balloon from a local lumber merchant with the

idea of inflating it with gas—so they brought it over to The Texan office and called for Kay Miller, editor. It was their idea to decorate the gas bag, the balloon I am speaking of—not Kay—with a large sign calling attention to the Round-Up. Once having filled the bag with gas, it was the committee director's thought to park it at advantageous points around the city as publicity for the celebration in April.

Today's Events On Campus

Tuesday
3:30 o'clock—Texas-New York Yankees baseball game at Clark Field.

Longhorns vs. Yanks.

THE sport-loving fans of the University and the city of Austin are to be given a real treat this afternoon when "Uncle" Billy Disch's Longhorns meet Babe Ruth & Co. on Clark Field.

The appearance of the Babe and his swarting team mates in Austin is due in a great measure to the efforts of Coach Disch. Mr. Disch's reputation as a baseball coach is but a little more generally known than is the reputation of his college baseball teams turned out at Texas with a startling regularity.

This afternoon the Longhorns will take the field against the greatest hitting array of baseball talent ever collected under the colors of a single club. There are few organized baseball teams whose batting average tops that of the Yanks, and none whose total number of four-base plays tops the Yanks.

The appearance of Ruth will mean a packed stand for the occasion, and will be the signal for Ralston, Peoples, and de la Fuente to cut the corners with all they have.

The Spoilers.

IT TAKES a genius to create. Any damn fool can criticize.—Mark Twain.

Hoorah for Mark Twain! In this pillars of tradition are being pecked and hammered at with the small, keen instruments of disgruntled cynics, it is comforting to find in the musings of past masters such a sharp and pointed view of the whole affair.

The Twentieth Century has witnessed a more universal adoption of the habit known as cynicism. Everywhere can be seen individuals who are dissatisfied with the world. Some are sincere and base their arguments on good, sound reasoning. Others attempt in a feeble way to imitate the past masters of sarcasm and certain fearless individuals who have inau-

rated new currents of thought.

It is well and good to be critical. But it is a poor critic who has nothing to offer in the way of rebuilding that which he has torn down. Sarcasm is too often repulsive enough in itself, let alone using it for one's own amusement with no thought of creative good.

Extremists on the one hand ridicule extremists on the other hand, and vice versa. Ridicule is poured out from the mouths of fanatics, with all sorts of foolish word-play, while large crowds of "followers" stand by and cheer with all the enthusiasm of a college rooting session.

Congregations assembled in sacred buildings will throw off the yoke of sacredness in order to applaud and laugh with a man who is staging for them an emotional feast. Others retaliate by answering ridicule with ridicule; so no reconciliation is effected.

And then where is the world? Just where it was before, conscious of a certain loss of self-respect.

To phrase it second-handedly, "If you don't like the world as it is, go out and build a better one."

If the towering monuments of tradition must fall, let it be in a dignified and careful manner. It would be disastrous to see them, rocked by the rumbling of a billion ignoramuses or the sneering of as many strict materialists, crash to earth in a disordered mass, pinning thousands beneath them—writhing and gasping in a fearful pile of ruins.

R. W. Stayton Talks On Law at Church

"Law in the Twentieth Century" was the subject of an address given by Dr. R. W. Stayton, professor of law, at the University Congregational Church at 8 o'clock Sunday night. This was one of the series of lectures given this year by the University professors on life in the Twentieth Century.

Miss Lula Mary Bewley, who has been ill for several days, resumed her duties as assistant dean of women Monday.

IN THE NEWS

By WOOD J. BRIGGS

- 1. Crises Passed. 2. Device for Fishermen. 3. Plan Adopted. 4. Lead to Silver. 5. MacDonald Defeated.

TWO European countries passed severe crises recently when the formation of new governments was heated. After several weeks of bitter and bitter discussions at Warsaw, in which Marshall Pilsudsky, the "strong man" of Poland, and the Diet were implicated, Col. Walery Slawek formed a new government for Poland to succeed the Bartel ministry that had resigned March 14.

At the same time, the centrist party leader in the Reichstag of Germany, Dr. Heinrich Brüning, got together a new coalition government to succeed Heinrich Brüning, who had resigned during last week.

Both governments have been accepted, and will go into office immediately.

A new device has been invented for the followers of Isaac Walton so that they will be able to tell the weight of the fish "that got away." The device, perfected and patented by a Uvalde ranchman, attaches to the fishing rod and at a glance indicates the weight of the fish.

After three days of discussion, the French Chamber of Deputies has considered the Young plan of reparations favorably. The plan was approved by the overwhelming vote of 550 to 55, and means the practical acceptance of the plan by France.

El Universal, Mexican newspaper, has printed a news story that a young Mexican chemist named Jose Esperanza has discovered a means by which lead can be converted into silver. The process, says the paper, lies in the mixing of a certain powder known only to the chemist with molten lead.

The MacDonald government of England was again defeated Monday on a question of procedure. The vote was 183 to 179. The matter was not considered of great importance, and so the prime minister showed little concern.

Official Notice

ALL business administration students who would like to interview the representative of the Remington Rand Company with the view of securing employment with that company are asked to call at the office of Dean J. A. Fitzgerald, B. Hall 109, to make an appointment for some hour for Wednesday, April 2.

DR. J. A. FITZGERALD, Dean of the School of Business Administration.

HOUSEMOTHERS FOR MEN will meet tonight (April 1) at 7:30 o'clock in the girls' study hall. Miss Ruby Terrill will speak. (Signed) ARNO NOWOTNY, Assistant Dean of Men.

Write Home to Dad and Mother on fine TEXAS SEAL STATIONERY Library Parchment 60 Sheets of Paper 2 Packages of Envelopes \$1.50 the box Texas Book Store The Students Book Exchange

The Students' Forum

Pre-Med Students: It is my belief that Texas will ultimately be the Empire State of the Union. Its area, its location, its financial resources, including its growing population, all together make sufficient evidence for the belief.

Our educational system is advancing. We have within our borders some of the best schools in America. Our State University ranks among the best. Then we find many good private and church schools. As civilization advances, education always becomes more and more expensive, throwing the burden of educating its citizens on the state—and justly so, in my opinion. I do not want to be misunderstood, but as I see it, most, if not all, of the private and church schools operating for the purpose of teaching professions, will, for lack of financial support, be compelled to close their doors, unless heavily endowed from some source not yet in sight.

I would not for one moment cast any reflection on the quality of work these schools are doing, for it is of the best and they are managed by men who are qualified and sincere.

I have in mind a condition existing at the medical department of the University of Texas now.

Serious Minded—

(Continued From Page 1)

paired the puncture, the gas was turned on again. An explosion resulted and the ex-balloon was shot all to—pardon—we mean those standing nearby were slightly burned.

Oddly enough, Miller had a thought and dashed madly inside the building for the fire extinguisher. Meanwhile, what was left of a lumber company's graceful and well shaped balloon was in flames. Miller came to the rescue carrying a handsome copper fire extinguisher and wearing a charming ensemble composed of a purple collar, green tie, red shirt and a new purple and yellow striped suit almost paid for. He put the fire out and Dewitt Reddick, instructor in journalism, who was standing nearby with a camera, took a picture of Miller playing the hero and then fell over

Campus Wits—

(Continued from Page 1)

tom in India. The Huli, on March 31, which terminated the spring festival of the Hindoos, was always celebrated by sending persons on errands to fictitious persons, or individuals sure to be away from home.

Many people believe that Europe derived its April-fooling from the French. They were the first to adopt the reformed calendar, which began on January 1. Thus the new year's gifts and visits of felicitations which had been the feature of the first of April, became associated with the first of January, and those who disliked the change were fair targets for the wits who amused themselves by sending mock presents and paying intended calls on April 1.

In France the person defrauded is called a "poisson d'avril." This has been explained by the fact that in April the sun quits the zodiacal sign of the fish. Someone has suggested the more natural explanation that the April fish would be young and hence easily caught.

In Scotland the custom is known as "hunting the gowks," that is, the cuckoo; and April fools were "April gowks," the cuckoo being there, as nearly everywhere else, a term of contempt. The ceremony of All Fools' Day in Great Britain was not observed as a custom until the Eighteenth Century. The practice seems, however, to be widely prevalent in the world, and to have known an early origin. Even Swift in his journal to Stella, written on March 31, 1713, that he and his party had been amusing themselves contriving a "lie for tomorrow."

William Murchison, Kappa Sigma, spent the week-end in Dallas.

Urges—

(Continued from Page 1)

this material, not including labor, will reach some \$2,000. All of the other items in the budget including expenses incident to the presentation of the two big stage shows on Friday and Saturday nights; the dance on Friday night; reception and decorations; the catalogue of exhibits; the formal opening; organization meetings; class reunions; the ex-student-parent luncheon, etc., will bring the actual expenditures to approximately \$6,000.

Mr. McGinnis explained that it will be necessary to raise this amount from the advance sale of tickets to the three page events of the Round-Up, through donations from University and Austin organizations, and through the sale of tickets on the night of the respective performances.

Mr. McGinnis urged that faculty members, students, and Austin citizens purchase their tickets at this time in order that the committee could have sufficient funds on which to operate in the purchase of special scenery, costumes, and other supplies now needed. The tickets to the Round-Up, Friday, April 11, are selling for 75 cents, or 50 cents plus the blanket tax; the tickets to "Through the Years at Texas," to be presented on Saturday night, April 12, are selling at 50 cents to all, and the tickets to the dance which follows the Friday night show sell for \$2 a couple, and admit to the stage show which precedes the dance.

Tickets are now on sale at the University Co-Op and at the office of the Texas Student Publications, Inc., B. Hall 119. E. C. Rather, manager of the University Co-Op, is chairman of the ticket committee. Other members of this committee are L. Theo

Montgomery Speaks To Newman Club

Dr. Albert Hargrove Montgomery, professor of economics, was the main speaker at the Newman Club Sunday morning. He stated that in consideration of the socialistic movement in Russia the possibility of the success of the experiment hinged on two things, whether something else could be substituted for the profit motive, and whether under this system of government, the arts and sciences would prosper.

Saint Edward's University orchestra, under the direction of Reverend G. J. Baldwin, entertained the members of the club with several selections. Rose Hardwicke with a piano solo completed the program.

The program committee appointed for April 13, the next meeting of the club, consists of Father William Blakeslee, Mary Hattie Placette, Raymond Prastik, and Jovita Gonzalez.

Father William Blakeslee, chaplain of the club, announced that a retreat will be held Monday, Tuesday, and Wednesday of the week beginning April 7. Services will be held at Saint Austin's Chapel three times daily. A meeting of the executive council was announced for Friday, April 11, at 6:30 o'clock by John Junior Bell, president of the club.

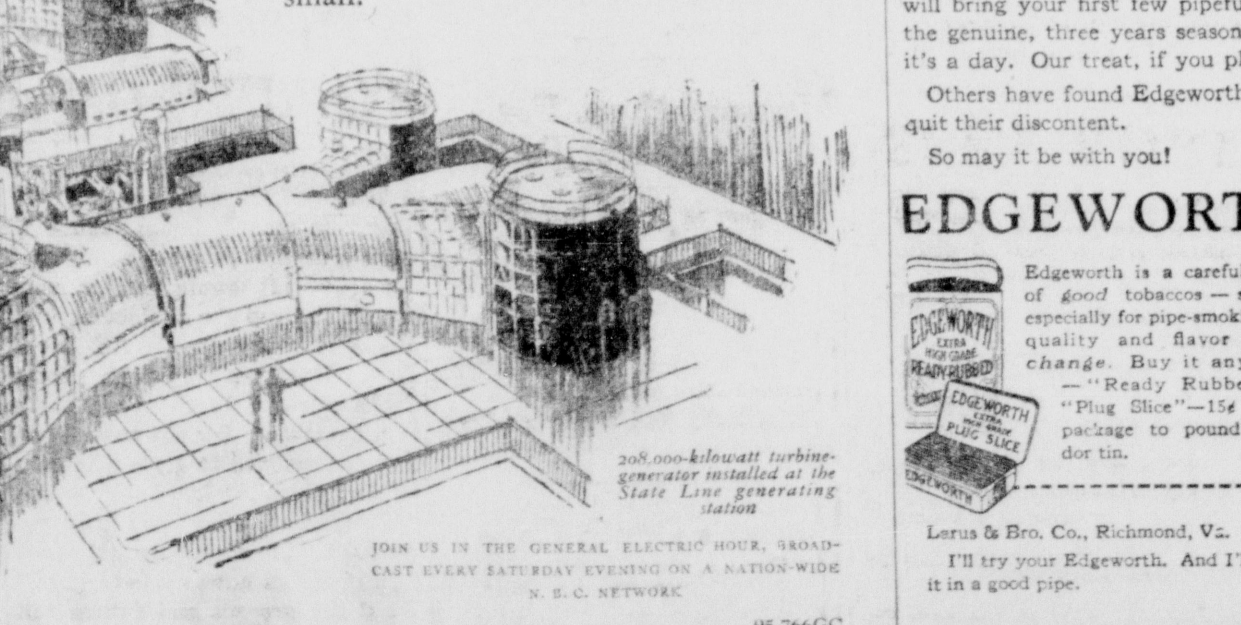

Belmont and Ed Olle. Ticket sales on the campus are being handled by the Texas Cowboys, under the leadership of Jake Looney.

When Small Machines Were Big

MORE than a quarter century ago, the Commonwealth Edison Company, prophetically alive to the immense possibilities of the future, ordered from General Electric a 5000-kilowatt steam turbine—in those days a giant of electric power.

To-day, a General Electric turbine-generator of 208,000-kilowatt capacity sends out its vast energy to the Chicago Metropolitan District.

College-trained men played a responsible part in the engineering and manufacture of both machines—just as they serve in important capacities in the engineering, production, and distribution of all General Electric equipment, large or small.

JOIN US IN THE GENERAL ELECTRIC HOUR, BROADCAST EVERY SATURDAY EVENING ON A NATION-WIDE N. E. C. NETWORK. 95-766GC (Witness my seal) (and my seat of learning) (and my postage and state) Now let the Edgeworth come in!

Pipes save no midnight oil

IF PIPES made the man, anybody at all could rise in the world just by smoking a few pounds of Edgeworth. But pipes do not make the man.

Men make the pipe—most men do. Somewhat depends on the individual, more on the pipe, and the tobacco is most important of all. Things must be congenial.

Edgeworth is a congenial tobacco; cool, slow-burning, fully flavored. Edgeworth has poise, kindly good nature, real tobacco personality—Edgeworth welcomes new friends. Many a good man has been pledged to pipes by Edgeworth alone.

Like to meet Edgeworth? Just ask with the coupon—and the postman will bring your first few pipefuls of the genuine, three years seasoned if it's a day. Our treat, if you please.

Others have found Edgeworth and quit their discontent. So may it be with you!

Edgeworth is a careful blend of good tobaccos—selected especially for pipe-smoking. It has quality and flavor and never change. Buy it anywhere. "Ready Rubbed" "Play Slice"—15¢ pack package to pound humidor tin.

Lorus & Bro. Co., Richmond, Va. I'll try your Edgeworth. And I'll try it in a good pipe.

Theaters

"HOT FOR PARIS"—with Victor McLaglen, Fifi Dorsay, and El Brendel, last times today. "Love, Live, and Laugh," with George Jessel, Lila Lee, and David Rollins, Wednesday only. At the Texas.

"HONEY"—with Nancy Carroll, Stanley Smith, Lillian Roth, Skeets Gallagher, Mitzi Green, Jobyna Howland, Charles Sellon, and ZaSu Pitts, last times today. "Lord Byron of Broadway," with Charles Kaley, Ethelind Terry, Cliff Edwards, and Gwen Lee, Wednesday through Friday. At the Majestic.

"HAPPY DAYS"—with Fox's one hundred and one stars. Now through Friday, at the Hancock.

"THE VAGABOND KING"—with Dennis King, Lillian Roth, Jeanette MacDonald, and O. P. Heggie. Now through Wednesday, at the Queen.

Reviewed Today

"Hot for Paris"—Fifi Dorsay, Polly Moran, and El Brendel are the three chief reasons why this rowdy and noisy bit of screen entertainment has clicked at the box office all over the country. It is showing for the last times today over at the Texas and we advise you to go over and see just what it's all about.

The little frog, Dorsay, is somewhat of a mystery. She is loud, ugly, and distinctly unfeminine—but she manages somehow to intrigue and hold the interest of the audience. Personally, anybody with a mouth of that type should treat it like Joe E. Brown does—and, at that, we bet they really are first cousins.

Polly Moran has only one short scene, but in it she contributes by far the most subtle and clever comedy of the entire picture. Polly is always somewhat subdued when she appears with her co-playmate, Marie Dressler, but away from her she is nothing more or less than a riot. Her little scene with Brendel is a gem in a refuse heap. El Brendel, in his familiar characterization of a dumb, lady-chasing Swede, is as good as ever.

McLaglen is competent, almost at many times, however, he seems to be entirely at sea, groping for a genius which he could not possibly achieve. See this one for bawdy fun. —bill.

Permanent Fund—

(Continued from Page 1)

acres of University lands in Andrews County were rejected by the board in complying with an injunction granted in 1928 restraining the sale of mineral rights on this land.

Matters pertinent to a possible division of the University's permanent fund with A. & M. College were discussed at a meeting of committees representing the board of directors of A. & M. and the Board of Regents of the University in a session held Sunday at the home of Judge R. L. Batts, chairman of the Board of Regents, it was learned Sunday. No announcement was made of the meeting prior to its being held.

Definite action toward dividing the fund was not taken at the Sunday meeting, beyond setting April 21 as the date for a joint meeting of the A. & M. board of directors and the University's Board of Regents, when further consideration will be given the matter.

Discussion at the session centered around past relations of the two institutions and their relations with past legislatures. These associations were used as a basis of negotiation for possible settlement of future relations.

Committee members present at the meeting were: Dr. H. Y. Benedict, R. L. Batts, and W. M. Odell of Fort Worth, representing the Board of Regents. Dr. T. O. Walton, president of A. & M., and Byrd White, member of the A. & M. board of directors, represented A. & M.

IMLE LECTURES

John Imle, senior engineer, will give a lecture illustrated by a three-reel movie on his experiences in South America, where he was engaged in geophysical work, at a meeting of the American Institute of Electrical Engineers this Tuesday night in the new Engineering Building 100 at 7:15 o'clock.

Malin Mitchell, Kappa Sigma, returned yesterday from San Antonio, where he visited relatives.

M. E. Students To Visit Industrial Plants of Texas

Waco, Cleburne, Dallas and Fort Worth On Itinerary

Industrial plants in Waco, Cleburne, Dallas, and Fort Worth will be visited by 25 mechanical engineering students this week. A special bus has been chartered and the students will leave Wednesday morning for Waco, where they will inspect the Geysier ice plant, and from there they will go to Cleburne to inspect the Santa Fe railroad shops. Wednesday night will be spent in Fort Worth and Thursday will be spent in inspecting the packing plant of Swift and Company, the Transcontinental Oil Refining Company, the Hub Furniture Company, Mrs. Baird's Bakery, and the city waterworks.

Friday and Saturday the students will inspect in Dallas the Tilton Milling Company, the Ford Motor Company, the Lone Star Cement Company, Dallas Power and Light Company, Texas Textile Mills, Mosher Steel Company, and The Dallas Morning News plant.

Those who will take the trip are B. E. Short, adjunct professor of mechanical engineering; M. M. Heller, instructor in mechanical engineering; M. S. Bowen, superintendent of shops in the department of mechanical engineering; C. R. von Bieberstein, K. A. Jones, Jr., K. K. McElroy, Wesley Kuenemann, Herbert Kittler, Paul M. Hargis, F. G. Posey, W. Mack Crook, Henry Matthews, W. N. Meyer, Joe Boyer, F. G. Hieronimus, E. D. Farmer, H. G. Cass, R. F. Neal, Selig Ginsburg, T. R. Thomas, John S. Caldwell, Jack Size, R. B. Kinzbach, and S. G. Kershner.

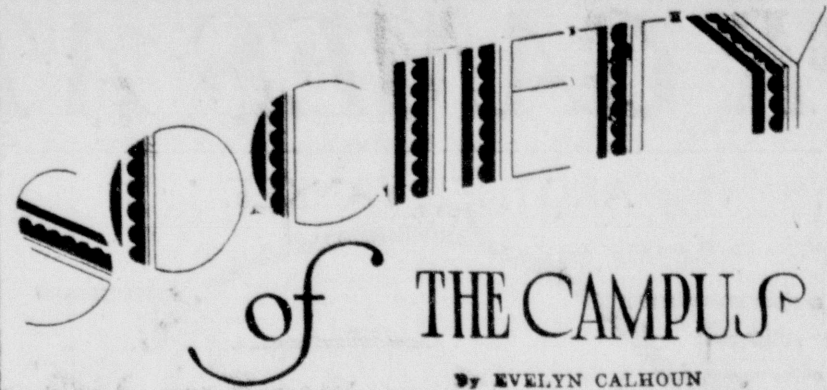

The members of the party plan to return Sunday.

Jewett Speaks At Vesper Services

Dr. F. L. Jewett, pastor of the University Christian Church, spoke on "Foolishness Contrasted with Wisdom" at vesper services Monday evening. "Wisdom lies in thinking every day, so that it will become a habit," Dr. Jewett said. "Put aside the foolish, material things of life and concentrate more on wisdom and embodied in spiritual thinking," he advised.

Another feature of the program was a vocal duet by Adelaide Rogers and Helen Nelson.

Doris Williams of Lorena, ex-student of the University, visited Vilena Williams and Ruth Cole over the week-end.

Pi Phi Gives Benefit For Charity School

Pi Beta Phi gave their annual benefit bridge Saturday afternoon at the Austin Club to raise money for their settlement school in Gatlinberg, Tenn. This school was founded in 1912 for the uneducated backwoods people of the Tennessee mountains. A hospital, a school, and training school in industries are maintained by voluntary contributions from Pi Phi chapters throughout the United States. Last year Texas Alpha of Pi Beta Phi contributed \$150 to the school.

More than two hundred people came to the bridge.

Julia Bell Deutz, Zeta Tau Alpha, has returned from Laredo, where she spent the week-end.

Henriette Fechenbach had her father as her guest over the week-end.

Alex Weil has returned to A. & M. after spending the week-end in Austin.

Marton Hirsch spent the week-end at his home in Marshall.

Roberta Miller, S. M. U. student, spent the week-end in Austin.

Sarah Weil has returned to Westmoorland College in San Antonio after being in Austin for the week-end.

Frances Jean Burleson, former student of the University, is visiting this week at the Delta Delta house.

Mrs. A. C. Taylor of Bay City visited her daughter, Frances, at the Delta Delta house last week-end.

Margaret Downs, ex-student of the University, visited at the Delta Delta house last week-end.

Mary Hambrick, Chi Omega, visited at her home in Tyler last week-end.

Mr. and Mrs. D. R. Coffey visited their daughter, Mary Frances, at the Delta Delta house last week-end.

Margaret Cunningham of Scottish Rite Dormitory has returned from a week-end visit in Houston.

Senator Earle B. Mayfield, ex-student of the University, returned from Fort Worth Monday, where he delivered a talk on "Chain Stores."

Adele Pfannkuche of San Antonio, Alpha Chi alumna, visited at the chapter house the past week-end.

Margaret Bridges, Alpha Chi Omega, spent the past week-end at her home in Nixon.

Mr. and Mrs. Fred Roemke of Dallas were the week-end guests of the latter's sister, Dolly Scholl, at the Alpha Chi house.

SEVEN STUDENTS ILL

The following students were reported ill in St. David's Hospital Monday afternoon: J. C. Cumley, Albert Schkade, Ruby Greer, Martha Ingersoll, and C. W. Scurlock. Evan Mathis and A. T. Dyal were ill at Seton Infirmary.

STOVALL ARTICLE PRINTED

Dr. Floyd Stovall, adjunct professor of English, has an article entitled "Shelley's Doctrine of Love" appearing in the Publication of the Modern Language Association for March, 1930.

Faculty Women—

(Continued from Page 1)

with distinguished operatic reputations will be presented in the program, Mrs. Moore stated.

Among the artists will be Marie Montana, soprano and prima donna of the San Carlo Opera, Milan; Giuseppe Martino-Rossi, baritone of the Philadelphia Grand Opera Company; Stanford Schlusell of the American Operatic Company; Louise Bernhardt, contralto of the American Opera Company; and Enzo Aita, tenor of the Bellini Grand Opera, Naples.

FIRST AIR WOMEN OF U. S.

Three of America's foremost women in aviation met recently at the opening of Maddux motor salon in Beverly Hills, Cal. They are (left to right) Amelia Earhart, Mrs. Charles A. Lindbergh, and Mrs. J. L. Maddux.

Moody Will Likely Pass Appropriations

The \$35,000 appropriation for the University in the emergency appropriation bill passed by the last session of the legislature appeared to be certain of executive approval with the announcement Monday by Governor Moody that he needed additional information

on only two items before approving the bill. The two items are \$14,000 for extension teaching work at A. & M. College and \$3,000 for fuel at the West Texas State Teachers' College at Canyon. Other items appear to have run the executive veto gauntlet. The University will obtain \$20,000 this year for summer school additional funds and \$15,000 next year for the contingent fund.

Bureau Records Show Increase In Membership

Number in Interscholastic League Nears 6,000 Mark

The Interscholastic League Bureau has recently completed a check-up on the growth of the Interscholastic League, and has found some results are gratifying, Roy Bedichek, chief of the Interscholastic League Bureau, stated Monday.

"The total membership enrolled in the Interscholastic League now comprises 5727 schools," Mr. Bedichek said, "which is an increase over last year of 459 schools. These schools are contained in over two hundred counties," he explained.

"Not only has the Interscholastic League grown in the number of schools, but also in the number of counties organized and the

number of events scheduled," Mr. Bedichek continued. Mr. Bedichek pointed out that the number of people attending the various county meets has increased. During some of the county meets this year, the attendance ran as high as 6000 people.

"The League began twenty years ago with only 28 schools enrolled," Mr. Bedichek said, "and has grown steadily every year except the period during the war." The first district Interscholastic League meet will be held at San Angelo April 4 and 5. Roy B. Henderson, director of athletics of the Interscholastic League Bureau, announced Monday.

Mr. Henderson said that a few district meets will be held April 11 and 12, but the most popular dates seem to be April 18 and 19 when a large number of district meets will be held.

James Emerson, former student in the University, visited at the Kappa Sigma house over the week-end, having come from McKinney to attend the annual chapter dance.

PARENTS TO SEE BAYLOR GAMES AT ROUND-UP

WATCHING THE STEERS
by OTTO JONES
Texas Sports Editor

The Great Gate God
Daniel, writing a biography of Babe Ruth for the New York Telegram, referred to the home run king as "the Great Gate God."

It's a well fitted title for the man who has been the big factor in making the diamond game the greatest of all sports.

There have been many better players than Ruth, many better all-around masters of the game, yet the big Bambino remains in a class all to himself as a box office attraction.

Ruth is truly the Gate God in the world of sports; he has revolutionized baseball, made it a sport which millions turn out to see, rather than a few thousand. Before the Babe came to his throne of fame, 42,620 was the record crowd to attend a baseball game. This was in 1916 at Braves Field in Boston. And it took a climactic contest of a World Series to put it over, too. At that time and after Ruth was purchased by the New York Yankees, a big league ball club thought it was hitting Olympic heights if it drew a total of a million attendance for a year.

But the Babe Did the Work

And the Great Ruth donned the uniform of the New York Yankees and with his big bludgeon made millions of dollars for his owners. In 1927, when Ruth set his greatest home run record of 60, the Yankees played to 2,200,000 paid admissions.

On September 9, 1928, a double-header between the Yanks and Athletics, which came as a turning point in the fight between the two clubs for the American League pennant, jammed 82,000 fans into Yankee Stadium.

Of course there have been sports events which drew larger crowds than Babe's ball club. For instance the Dempsey-Tunney fight. Yet who would turn out to see Jack Dempsey or Gene Tunney day after day for 154 times?

Ruth's Home Run Record

In sixteen years of service in the big league show, George Herman Ruth has hit for a total of 516 home runs. He really started his great rampage in 1919 by poling out 29 four-base hits. He came back in 1920 and set what everyone thought would be an all-time record with 54. Yet it wasn't a record for Babe as he added four more to the high list the following year.

Was 59 the best Ruth could do? No, he bettered that number by one in 1927.

P. S. Can you imagine it? We like to have forgotten Donell Egg, or Don Legg, which is it? As Don tells you, we are not much good at spelling. For the benefit of interested parties, we would like to announce we have taken Jinx Tucker's place as the main subject of Don's "sport" column. We just to be thought of as a major sport, and it is our sincere hope that Don has a flock of feminine readers of his daily dirge, but we believe we can find more interesting sports to write about than Don. Perhaps these few words can serve him as a text for another day's work.

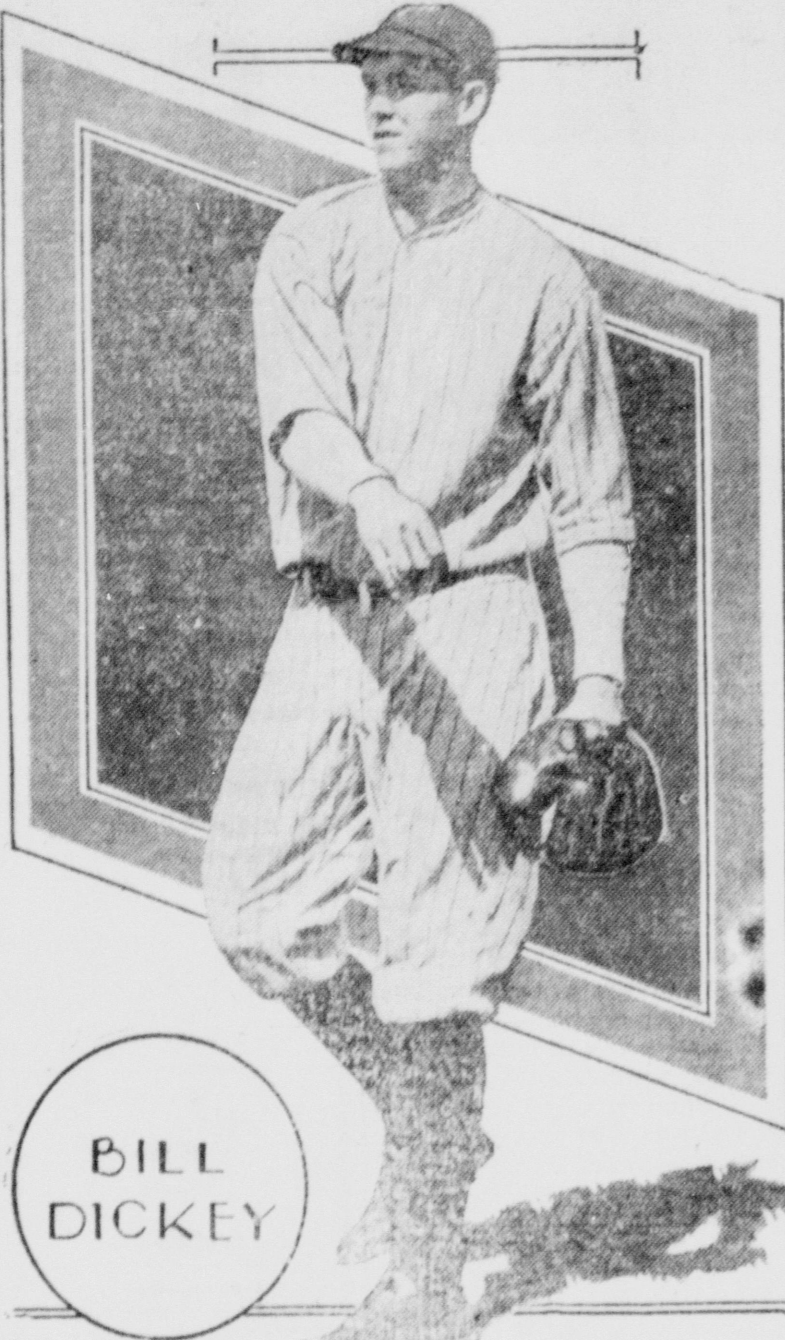

Ah! Well a cub reporter must have something to write about. We are sorry that Austin and the University of Texas do not have enough athletic contests to keep the great Donnell occupied. Quite an industrious lad, we will have to admit.

INGERSOLL WITHDRAWS

Martha Helm Ingersoll, whose leg was fractured in an automobile accident two weeks ago, will be unable to resume her school work this term, Dr. Joe Gilbert declared. Miss Ingersoll is in St. David's Hospital and is reported to be recovering satisfactorily.

Ben Cox, Kappa Sigma, spent the week-end in Texarkana, where he attended a house party in his honor.

SENSATIONAL YOUNG CATCHER

BILL DICKEY

Star back-stop of the New York Yankees, who was the sensation of the American League last season.

YANKEE PILOT.

BOB SHAWKEY

Will lead invaders against Billy Ditch's Steers today.

Ruth, Gehrig—

(Continued from Page 1)

Byrd and Durst are both veterans of the game, seeing much service with the Yanks last year. Dusty Cooke, batting sensation of the American Association last year, is destined to fill the shoes of the great Bob Muesel, who was traded to Cincinnati during the past winter.

Great Catching Staff

Behind the bat, Bob Shawkey has a staff second to none. Bill Dickey is out to bear the brunt of the catching again this year and will likely be seen in action today. Last year was his first full season in the majors and his great work, both with the stick and behind the platter, marked him the catching sensation of both leagues. Dickey has some able reinforcements in Benny Bengough, Bubbles Hargraves, and young Jorgens. Bengough was one of the best in the American League season before last but a sore arm and the great work of Dickey forced him to the bench last season. He is reported to be going great again this spring. Hargraves, the old Cincinnati Red catcher, was obtained from the St. Paul Club during the winter. Bubbles for several years was about the best in the National League and has been going "great guns" in this year's exhibition games.

It is not known who will start on the mound for the Big Boys today, yet fans are likely to see one or two of Shawkey's best in action. Waite Hoyt, Herb Pennock, George Pipgrass, the Henry Johnson, Tom Zachry and the two young hurlers, Shried and Wells,

Ex-Students to Be Guests at Two Ball Games, Track Meet

Parents of University students and ex-students returning to Austin for the Texas Round-Up will be guests of Longhorn athletes for two baseball games and a Saturday track meet Friday and Saturday, April 11 and 12, officials have announced. Free admission has been arranged through the courtesy of Dr. H. J. Ettlinger, director of University athletics.

The famous Longhorn baseball team coached by "Uncle" Billy Ditch will play Baylor University each afternoon. The track meet will be staged Saturday afternoon with the University, Baylor University, and Southern Methodist University participating.

The Longhorn Band will play at each event, and yell leaders are planning special stunts for the entertainment of visitors.

Members of the committee to arrange the baseball games are Dr. Ettlinger and Coach Ditch, co-chairmen; R. I. Tennant, Burnett Pharr, Ed Olle, E. L. Rehmann, Seymour Hootkins, Lloyd Mann, Ralph Hill, Frank Higgins, and Robert Oglesby. The track meet committee is composed of Dr. Ettlinger and Coach Ditch, co-chairmen; Frank Mondrik, Rupert Harkrider and R. I. Tennant.

The Texas Round-Up April 12, and 13, on the University campus is the most extensive reunion of University people ever attempted. It is sponsored by the Ex-Students' Association and the Dads' and Mothers' Association. The entire University will be on exhibit.

Aud-Gym Grounds Being Terraced

Terracing of ground around the new Auditorium-Gymnasium is now under way, and is expected to be completed by time of the dedication of the new structure which is to be held at the Round-Up of ex-students and dads and mothers April 11, 12, and 13.

Due to the lowness of the plot of ground on which the new building stands, dirt and stones are being piled up to a height of from three to six feet in order to give a proper setting for any future beautification work which may be done around the structure.

Filling in of the lot is provided for in the contract governing the construction of the new Auditorium-Gymnasium.

Beverly Wills, Ella Scott Powell, and Mary Hambrick have returned from Bryan, where they attended a week-end house party at the home of Joyce Smith of Scottish Rite Dormitory.

Intramural Tennis To Start April 8

With the intramural tennis season due to open Tuesday, April 8, intramural racquet-wielders are busy preparing for a big season.

As the deadline on entries has been set for Friday, April 4, D. B. Hardeman, junior intramural manager, has sent letters to team managers outlining the rules for the tournament.

The following rules have been drawn up:

1. The play will be conducted under the tennis rules set forth in Spalding's tennis handbook.
2. Each team will consist of four men.
3. The play will consist of three matches, two singles and one double.
4. Before their initial match, the teams shall rate their men 1,2,3,4; number one man, playing one of the opposing team, etc.
5. It will be impossible for one man to play both singles and

doubles, as the three matches are conducted simultaneously.

The winning team must take two out of the three matches. Two gold medals will be awarded to University champions and silver medals to divisional winners.

Entries must be sent to the intramural office.

STUDY CLUBS APPLY

Study clubs of the state are now registering for 1930-31 with the University extension teaching bureau in order to get choice courses of study, according to Mrs. Mable Clary, statistician in the bureau. A total of 32 clubs have already enrolled, with an average membership of twenty to thirty individuals. Available courses offered through the bureau now number 61 and include studies of art, religion, literature, education, anthropology, government, history, sociology, law, public speaking, science, psychology, and miscellaneous topics.

Banquet Will Honor Fredericksburg Team

Committees to complete arrangements for the banquet honoring the Fredericksburg track team will be appointed at a meeting of the Fredericksburg Club this Tuesday night at 7:30 o'clock in Main Building 172.

The banquet will be held Friday night, May 2, at the University Commons for the track team which will participate in the Inter-scholastic League meet.

Knowlton to Serve As Visual Instructor

Dr. Daniel C. Knowlton of Yale University will serve on the faculty of the first visual instruction conference to be held in the South, to be held at the University during the first week of summer school, it has been announced.

Dr. Knowlton will deliver one lecture each day on the subject, "Yale Chronicles of American Photodrama." The classes will be arranged in the afternoons in order that the students who are attending summer school may attend. Tentative plans have been made for other courses on the subject of visual instruction, and a complete schedule of the classes offered by various lecturers will be announced later.

Kathryn Krueger of Scottish Rite Dormitory spent the week-end at her home in Palestine.

Te-WAA-Hiss Plans Outing for Saturday

A bunny chase will be sponsored by Te-WAA-Hiss Saturday, April 5, Gloria Yantis, leader of the outing announced Monday night. The program will be a surprise and the destination of the hike will be in East Woods.

Kay Hill is in charge of the program and her assistants are Louise Robinson, Ruthie Junkin, and Merseille Leisner.

Marjory Robinson will be in charge of the food, and will be assisted by Mussy Matthews and Zula Williams.

The clean-up committee will be composed of: Eola Clifton, chairman; Marie Bowles, Elizabeth Boren, Florence Boyman, assistants.

All girls who expect to go on the outing have been requested to sign up on the Te-WAA-Hiss bulletin board in the balcony of the Woman's Gymnasium by Friday noon.

Louise Crawford of Scottish Rite Dormitory visited in Houston over the week-end.

Frank Sublett, Kappa Sigma, spent the week-end in San Antonio.
